Didsbury Crystal Dairy Take Top Prizes At Toronto Winter Fair

Mr. Jock Wordie and his very capable staff at the local Crystal Dairy are laughing in their sleeves these days. Because why? Because they picked off three first prizes for butter with their exhibits at the Toronto Royal Winter Fair.

The Royal is Canada's largest agricultural fair and it is indeed an honor to be in the top bracket in these competitions, especially when you are competing against the top buttermakers in the Dominion and also against the most modern machinery available in the country.

It speaks well for our own Gordon Sherick, the top buttermaker in this or any other area; it also speaks well for our district as a quality producer of dairy products.

The Didsbury Creamery entered in three competitions and out of these it received three first place ribbons. They were tagged on the following:

- Section 2: Commercial make, 14 pound box;
- Section 3: Creamery 10 one pound prints, unsalted;
- Section 4: Creamery 10 one pound prints, unsalted.

FALLEN TIMBER

Three-Time Winner . . .

Calgary drivers turned in fine performances at the national truck road race held in Toronto on Monday. The four men entered picked up first, second, third and fifth places.

Fred H. Dedels, 47-year-old driver for Peter Waldis Transport of Moncton, who won the title in 1954 and 1955, took the championship in a new division for tandem tractors and tandem trailers. He scored 318 1/2 points against 300 for his only competitor in a run-off after they had tied in their first trip.

Mr. Dedels, the winner by a fraction, is the son of our good friend Mr. Alie Dedels, who you can meet on the drug store corner any morning of the week except Sunday. He's a favorite sparring partner for lots of guys and sals, young and old alike.

NOTICE
 THE MUNICIPAL DISTRICT OF
 MOUNTAIN VIEW, NO. 49

1. The Council of the Municipal District of Mountain View No. 49 proposes to pass a by-law in accordance with Section 84 of the Town and Rural Planning Act, R.S.A., 1955, and any amendments made thereto as do hereinafter appear to amend the Zoning and Building By-law No. 355 of the Municipal District

2. (1) To amend the Zoning Map established under Section (8), subsection (1) of By-law No. 355 by rezoning from Agricultural District "B" to Industrial District that portion of the S.E. 1/4 of Section 2-30-1-5, recorded on detailed Plan "B", described as follows:

Commencing at a point 500' West of the South East corner of the said quarter section thence northerly and parallel to east boundary of said quarter section a distance of 440', thence westerly and parallel to south boundary of said quarter section a distance of 480', thence southerly and parallel to east boundary of said quarter section a distance of 440', thence easterly along south boundary of said quarter section a distance of 480' to point of commencement.

(2) Purpose of Amendment:— To permit the development of an Industrial use on the property.

(2) Section (8) is amended by striking out subsection (2) and by substituting the following:

(2) Detailed plans showing the boundaries of the Districts established by this by-law which are designated on the said zoning map as A and B are shown on separate maps herewith annexed and signed by the Reeve and Secretary-Treasurer of the Municipality which maps are deemed to form part of this by-law.

Purpose of Amendment:— To cover the addition of Detailed Plan "B" to the Zoning and Building By-law No. 355.

(3) To amend the Zoning Schedule (Appendix A) of by-law No. 355 as follows for the purpose as specified:—

(a) In Agricultural Districts "A" under the heading Minimum Depth of Front Yard (Column 5) the following new clause:—

"226 feet from centre line of a designated Provincial Highway."

Purpose of Amendment:— To provide a front yard parallel to designated highway.

(b) In Highway Agricultural Districts under the heading Permissible Uses (Column 1) to delete the use "Hatcheries" from uses expressly forbidden in the district.

Purpose of Amendment:— To correct clerical error as "hatcheries" are permitted in Highway Agricultural Districts as a Conditional Use under the by-law.

(c) In Highway Agricultural Districts under the heading Conditional Uses (Column 2) by adding immediately after clause (d) "stripping of top soil" the words "from land."

Purpose of Amendment:— To clarify use listed.

(d) In Agricultural Districts "A" under the heading Conditional Uses (Column 2) by adding immediately after clause (H) "Gravel pits and the stripping of top soil" the words "from land."

Purpose of Amendment:— To clarify use listed.

3. A copy of the By-law and the Zoning Maps together with the amending By-law and Maps may be seen at the Office of the Secretary-Treasurer of the Municipal District of Mountain View No. 49, Town of Didsbury, Alberta and may be inspected at all reasonable hours.

4. At 2:00 p.m. TUESDAY, the 15th day of DECEMBER, 1959 the Council will cause a public hearing to be held in the Council Chambers of the Municipal District of Mountain View No. 49 Town of Didsbury, Alberta at which views on the proposed amendments may be made and discussed.

5. The public hearing shall be convened to hear only the views of a person or persons having a registered interest in a land within the Municipal District of Mountain View No. 49.

6. Person or persons presenting their views to the Council at the public hearing in respect of the proposed amendments referred to in paragraph (2) above to the Zoning and Building By-law No. 355 of the Municipal District of Mountain View shall:—

(a) state their name and postal address,
 (b) state legal description of the land in respect of which they are submitting their views, and
 (c) limit their objections, recommendation, and comments to the amendments proposed.

7. Any person or persons wishing to submit their views in writing to the Council may do so providing:—

(a) that the statement reaches the Municipal Office in the Town of Didsbury, Alberta not later than DECEMBER 19th, 1959, and

Just About Time Now ???

We've just taken a peek at the calendar and see it's only a few short weeks 'till Christmas. This outfit of ours are always strong adherents of the light-up for Christmas deal — our own plans are pretty well made as of now. Hope you've all given it more than a little thought. The flickering colored lights and decorations remind people of the most important event of this or any other century. Let's all make a point of it — let's light up for Christmas — let's not let people say we're not in the act — let's have them know we are a part of it, spiritually and otherwise.

Predecessors . . . Successors ???

Did we goof? — Maybe the proofreader, or the operator, could have been the Gremlins, were thinking of something else — maybe we just followed copy. No matter what, in a wee note on the front page last week, in an article that mentioned a change of business in our fair town, it came off the spout the wrong way around. Instead of predecessors it should have read successors. The number of times we've been reminded of this slip makes us feel a bit happy about this wee error that sneaked its way into print — just proves that people read our paper line by line — just proves we can make mistakes just like you! All agreed?

Annual Fall Madness Coming Up . . .

Sure enough, it will hit all football fans come Saturday morning — sure enough it's the annual Grey Cup classic we speak of, which will be played in Toronto next Saturday. Win or lose we're still a western fan; we have picked the Winnipeg club over the Hamilton entry. Could be a few bucks will be lost on this prediction; if so you followed our trail at the wire and deserved to lose by listening to our fearless forecasts. In our opinion the Bombers are the best equipped team in this fracas. Any loose bets?

Another Famous Quote . . .

"I'm as tired as a two-pound hen that's laid a three-pound egg."

Christensen - Morrison Nuptials Held

Olds United Church was the scene of a lovely wedding on October 23rd, 1959, when Miss Agnes Eileen, daughter of Mr. and Mrs. Leslie Morrison of Eagle Hill, became the bride of Howard Brend Christensen, son of Mr. and Mrs. H. Christensen of Hartman. Rev. Wood of Sundre officiated at the double ring ceremony before an altar banked with ferns and flowers.

Given in marriage by her father, the bride was lovely in a waltz length gown of white nylon lace and net, with bouffant skirt trimmed with satin motifs and lace bolero with lily point sleeves. Her illusion veil was studded with pearls and sequins and she carried a bouquet of red rose buds with ribbon streamers.

Miss Barbara Jackson of Westdale, maid of honor, chose coral nylon in waltz length with sequin head piece and she carried a colonial bouquet of white carnations. Miss Gay Fray of Calgary was groomed in yellow with sequined

bandeau and carried pink carnations. Miss Rita Christensen, sister of the groom, was junior bridesmaid and wore blue nylon with sequined headpiece and also carried pink carnations.

Mr. Jim Jackson attended the groom, while Jim Brown of Innisfail, cousin of the bride, and Clarence Laft ushered the guests.

Mr. and Mrs. Clarence Stauffer of Olds sang "Together" during the signing of the register. Mrs. Windsor of Olds played the wedding music.

For her daughter's wedding, Mrs. Morrison chose a dusty blue lace gown with yellow and beige accessories. She wore a corsage of pink roses.

The groom's mother wore a dressmaker suit of cinnamon brown with yellow and beige accessories; and wore yellow shoes.

As they left the church following the ceremony, the couple were congratulated by relatives and friends, and left in gaily decorated cars.

amidst a shower of confetti and good wishes.

About 75 guests were seated at the wedding reception in the Eagle Hill Community Church, which was nicely decorated for the occasion. The Eagle Hill Ladies Aid catered to the reception and six girls, friends of the bride, attended the guests. The bride's table was centered by a beautiful decorated three-tiered wedding cake.

Alderman P.N.R. Morrison of Calgary, uncle of the bride, was master of ceremonies and called on Mr. H. Brown of Innisfail, also an uncle of Eileen's to ask the blessing and he also proposed the toast to the bride, to which the groom ably responded.

Mr. and Mrs. Stauffer sang "Be Thy True Guide," and Mr. Fray of Calgary delighted the guests with two selections on the accordion.

Mr. Morrison then called on Rev. Wood, who gave a very humorous but sincere talk, full of good ad-

Obituary

MRS. L. J. FARQUHARSON
A resident of Didsbury, Mrs. Lena Josephine Farquharson, aged 75, died in the Didsbury hospital on Wednesday of last week.

Born in Havelock, Ont., she moved to Saskatchewan, prior to moving to Didsbury in 1914.

She is survived by two daughters, Mrs. Alton Braley of Didsbury, and Mrs. Gordon Burke of Willow City, N.D.; as well as one sister and two brothers.

Remains were forwarded to Carleton Place, Ont. for cremation and interment.

vice which was enjoyed by all. Mrs. Jim Jackson, sister of the groom, had charge of the guest book, while the three bridesmaids assisted the bride and groom in opening the many beautiful wedding gifts.

Mr. and Mrs. Christensen Sr. invited all to their spacious home at Hartman that same evening to "open house" when 65 signed the guest book.

For the honeymoon trip to Great Falls and other U.S. points, the bride changed to a navy sheath dress with navy accessories and top coat of a lighter shade and she wore a corsage of red roses.

Mr. and Mrs. Howard Christensen will reside at Hartman in their farm home.

Guests from out of the district were from Calgary, Innisfail, Eagleham, Olds, Didsbury, Sundre and Zeila.

HERE'S Corvair BY CHEVROLET WITH ENGINE IN THE REAR

WHERE IT BELONGS
IN A COMPACT CAR

We knew Corvair's engine had to go in the rear if we wanted a compact car with big car ride, big car room, big car performance — and maximum efficiency. And that called for the most drastic revolution in auto design and manufacturing Canada has ever seen. What does a rear engine mean to you as driver or passenger?

MORE SPACE — The floor is virtually flat. The short "opposed six" engine takes up less space, leaves more for passengers.

FAR BETTER RIDE — Every wheel can sop up a bump without affecting any other. So the ride is far softer — and the wheels cling to the pavement better.

GREATER TRACTION — Try a Corvair on mud, or snow, you'll be astounded by the difference in road-grip and control.

BETTER BRAKING — Corvair is designed to put an almost equal brake load on every wheel; the rear end maintains solid, sure traction for smooth, straightline stops in virtually any situation.

LESS NOISE, LESS HEAT — Engine noise, heat, fumes are behind the passengers; carried away by the wind stream as you drive.

LESS MAINTENANCE — Corvair's air-cooled engine never needs antifreeze; never boils in the hottest weather. It warms up quicker in cold weather, so there's much less cold-start wear.

BETTER HANDLING — Corvair's "flat" engine and lower floor gets the centre of gravity way down; it rides rock-solid through the tightest turns. Steering is light as a feather, will never need power assistance.

LESS NEEDLESS WEIGHT — Corvair's power plant is mostly aluminum. And it's air-cooled — no need for a radiator, water pump, hoses or even

the weight of the water itself. And there's an added plus here; we designed a gas-fired car heater* that gives warmth almost instantly.

Engine, transmission, and rear axle are all bolted together into one solid power unit. We save literally hundreds of pounds, and that makes a whopping big difference in performance and in gasoline economy.

THE RIGHT ANSWER — It took a terrific amount of engineering and Chevrolet's tremendous resources to design, test and set up production on a precedent-shattering car like Corvair. But the first time you get behind the wheel — you'll agree it was worth every penny and every hour!

*Optional at extra cost.

ALBERTINE SCHELSHAERTE

For brightening your living room
for this coming season you may
have thought of replacing your
carpet. Now, before you buy a
carpet or rug, think over carefully
your needs in your own home and
make a decorating plan that will
help you in buying wisely.

Before You Buy A Carpet
Consider these points when plan-
ning to buy your carpet:
1. Size of room — In small rooms
wall to wall carpet in a solid color,
simple design, or texture, gives a
feeling of spaciousness. Patterned,
on-ounce or striking carved ef-
fects in carpet look attractive in
a large room. If you use a rug,
the edges should not be more than
eight inches from the wall in a
small room, twelve inches in a large
room.

2. Traffic — For areas where
there is a great deal of traffic, such
as living rooms, stairways and
rooms used as passageways, choose
good quality carpet that wears
well, in earth-resistant and resists
soil.

3. Style of Furniture — Choose
the carpet that expresses the char-
acter of your furniture, whether it
be traditional, modern or casual.
Your carpet can co-ordinate all
furnishings and reflect the per-
sonality of the room.
4. Lighting — A sunny room calls
for cool color in carpet, such as
green or gray. For a north exposure
or dark room, you might select
gold or rose, depending on your
color scheme of your living room.

5. Colors — Since the floor is the
largest usable area and the back-
ground for all furnishings, the
carpet may well be the dominant
color of the room. Wall, draperies
and upholstery may introduce sec-
ondary colors to harmonize or con-
trast pleasingly with the carpet.
6. Pattern Balance — If you
choose a definite pattern in your
carpet, then the draperies and the
wall paper should be in solid colors
or simple design. A bright carpet
is mated with soft colors, while a
neutral rug looks attractive with
gay draperies.

To Buy Wisely

Go To A Reputable Dealer: He
will show you a wide range of car-
pet and rugs, explain the various
grades and help you with decorat-
ing problems, either at the store
or your home. In-the-home buy-
ing is especially desirable since you
can make sure that the carpet har-
monizes with your other furnish-
ings, and see it under your own
personal lighting conditions. Be-
sides, other members of the family
can help you with the selection.

Buy A Dependable Brand: Look
for a label on the carpet, giving
brand or company name of an
established manufacturer. This is
your assurance of obtaining good
value in the price range you select.

Notes From D.A.

By HOWARD FULCHER

During the winter months dairy
calves should get green colored,
well cured hay which will supply
vitamins A and D. It is never a
good policy to attempt to raise
calves on milk and grain with a
poor quality of roughage. In gen-
eral leafy alfalfa hay is desired for
calves, good quality hay with high
percentage of alfalfa is satisfactory.
Grass hay or greenfeed is inferior
as it is lower in protein, calcium
and vitamins. When these none
legumes must be used select the
best early cut well cured hay.

A calf will start to eat a little
hay by the time it is two weeks
old, his small amount will supply
vitamins. As the calf grows its
panch will develop and it can
consume more hay. Generally at
the age of six months the daily
consumption will be between three
and five pounds. The best way to
feed hay is in a slatted rack, all
uneaten hay should be removed
daily and fed to other stock, calves
do not eat hay well which has been
picked over.

Sometimes young calves will de-
velop scours from eating too much
hay, this can be corrected by lim-
iting the amount of hay. Alfalfa
is sometimes blamed for this con-
dition, if this is indicated, store
calves on a mixed alfalfa grass
hay. Nutritional deficiencies or
disease sometimes cause calves to
eat their straw bedding. If this
happens find the cause and cor-
rect it.

With feeding of the roughage the
calf must also get the proper
amount of milk or milk substitute
and some concentrate and salt.
They should have a well bedded,
draft free pen that is reasonably
warm. In all cases calves should
be fed at regular intervals and any
feed changes made gradually.

Engine in the rear?
Why, of course!

American and European automobile
manufacturers have now adopted the
sound principle of the rear-mounted
engine. Something once considered
unorthodox is now recognized as plain
engineering common sense.

You see, Volkswagen's rear engine
gives direct drive to the wheels, saving
weight and power. It is the most efficient
and economical design. And the rear
engine gives your rear wheels better
traction. In mud, sand, ice, snow, where
other cars skid, you go.

What is more, the Volkswagen engine
is air-cooled, a decided advantage
when you think about it. No water to

boil over in summer, or to freeze in
winter. No anti-freeze needed. No
radiator problems.

The engine is ingeniously cast of alumi-
num and magnesium alloys and is very
light and powerful; undoubtedly the
toughest 198 lbs. going.

It is beautifully machined for minimum
friction; you will probably never need
oil between changes. And so efficient
that top and cruising speeds are the
same. Your Volkswagen will run at 70
m.p.h. all day without strain. You get
an honest 39 miles to the gallon (regular
gas—regular driving).

DISTRICT NEWS

SERVICE

BOARD

NOTES

— By —

W. E. SNYDER

 Agricultural
 Service Board

COYOTES:— This year farmers are faced with the problem of whether or not they should protect coyotes, says J. B. Gurba, supervisor of Crop Protection Service and Pest Control.

In many districts farmers are starting their winter campaign to control coyotes. This year, thousands of acres of unharvested crops will remain out over winter in many districts.

Under these conditions, mouse populations are sure to multiply and very likely will do considerable damage to swaths and stacks. Rabbits, mice and other rodents are natural food for coyotes; particularly where considerable crop will remain over-winter, the coyote may prove a useful predator.

Your Agricultural Service Board has decided after careful consideration, that it will place several 1000 baits in selected locations where there is a definite need of reducing coyote population. It has been able to secure several baits from an adjoining municipality and they will be placed very shortly.

The "1080" compound is a very potent poison and is one that is more or less selective to the canine population such as coyotes, foxes, wolves and dogs. It takes only 14 pound of this poisoned horse meat to finish off a coyote.

This poison is used only in the winter time so that the meat of the bait will remain frozen and the coyote will have to spend some time in gnawing out his one-quarter pound of meat, by which time the poison will be at work; the coyote will stop feeding and will soon be dead.

LIGHT YOUR WAY ...

... WITH BIBLE STUDY

Remember the last time you attended the Calgary Stampede parade? You had been standing for an hour or more, shifting your weight from one foot to the other, munching on a chocolate bar, stretching your neck to look down 7th avenue, hoping that the parade would soon start. Then suddenly, blocks away, a cry came from the throng: "Here she come!" Now you were all eyes and ears; eyes to see every bit of color, and ears to hear the beautiful music.

Dear friend, these days we are also standing in anticipation of a most wonderful event. Rumors are reaching us - soon He will be here. This coming Sunday, the First Sunday in Advent, the message is passed down the throng until it reaches us: "Behold, thy King cometh unto thee." This message heralds a far greater event than the Calgary Stampede Parade, or even the Grey Cup Parade. The King is coming. This King is the Son of God, true God and true man, Jesus Christ the Savior of the world.

The Word continues: "Now, it is high time to awake out of sleep. The night is far spent the day is at hand." With all eagerness we must go forth to meet Him. He comes to bring us a message of life. It is the message: "God was in Christ, reconciling the world unto Himself, not imputing their trespasses unto them; and hath committed unto us the word of reconciliation."

As you hear this Advent cry: "Behold, thy King cometh unto thee!" may you also be moved to greet Him in your House of Worship and receive Him in your heart.

M.V.B.C. NEWS

(From Our Own Correspondent)

Sunday was a big day for the students of the college. The entire services of the United Missionary church program were in charge of selected students who took Sunday school classes, preached, led the singing and gave every special feature of the entire day. Mr. Lenard DeWitt preached in the morning and Mr. Stewart Flinn at night. Mr. Ray Stauffer is to be commended for the excellent work he did as director of the Gospel Service League.

During the day the people of the congregation entertained groups of students and faculty.

On Friday evening several members of the faculty attended the banquet in Canada honoring the Robertsons for their newly acquired position as "master farmers." Among them were Mr. and Mrs. Taylor, Mr. and Mrs. Meyer and Mr. and Mrs. Laven Traub.

A group visited Custer on Sunday to take the services there. Special meetings are now in progress in the church there, and the young people supplied the special features of the day for them. This is the church of which Rev. Merl Baker is pastor.

On Monday evening the juniors of the college entertained the faculty with a good program and a lovely lunch. This is an annual feature. Mr. Norman Dyck is president of the juniors this year.

All of the organizations have faculty sponsors, and Miss Gladys Eby is again holding that spot in the junior organization.

Due to lack of space we are unable to list the names of the organizations which operate within the college.

The Missionary Group have a project of missionary activity to which students make donations during the year. The seniors always present a handsome gift to the college in one way or another, and the A.S.B. usually have an extensive project. This past year they spent over \$2,000 to complete work on the Student Centre.

Once in awhile we like to remind our many readers that the work here is highly organized and that a prime objective is to develop leadership in every phase of human living. The work may not always be perfect but it is highly progressive, and that is what counts in young lives.

We had the privilege of having Rev. Bob Simpson with one of his fine films, "Cry In The Night." We understand he will come again this week, accompanied by Mrs. Simpson.

It was a privilege to have Rev. W. K. Burgess in chapel this last week. This great Sunday school leader will hold services in the United Missionary church on Saturday of this week and again on Sunday.

ZELLA W.I. PLAN FOR COMING BAZAAR

Mrs. E. Waldruff was hostess to eleven members of the Zella W.I. on Thursday afternoon. Roll call was a child's gift for a mental patient.

Arrangements were completed for the bazaar to be held at the community centre this Friday evening, November 27th. Mr. Hoffmann of the Olds Co-Op store will provide films and a treat for the children. This will be followed by an auction of the usual bazaar items. Lunch served by the ladies, consisting of pie, ice cream, long johns and coffee.

A motion was made that \$5 be sent for the A.C.A.C. group membership.

For a health topic, Mrs. Tony Spooner read an article "Care of Your Back". The secretary reported the proceeds from the A. Reist sale as \$28.17.

A wedding gift of \$10 will be sent to Mr. and Mrs. Howard Christensen. A clothing drive is planned after the New Year.

The next meeting will take the form of a social evening which will be held at the community centre on Thursday, December 17th. Members are asked to bring their families and a gift exchange.

ZELLA NEWS NOTES

(From Our Own Correspondent)

Mrs. Bill Ewins and Kathleen were hostesses for the first military what party of the new season, which took place on Friday, November 13th with nine tables in play. Prizes were won by Mr. and Mrs. Fred Lucas and Elizabeth and Elton McConell. Door prizes were won by Mrs. A. Waldruff and Leonard Cowitz. Proceeds were donated to the community club. Mr. and Mrs. A. Waldruff will host the next party Wednesday evening, December 2nd with proceeds for the community club. Ladies please bring lunch.

Mr. and Mrs. A. Waldruff and Mrs. W. Jahnke motored to Canmore to attend the wedding of a friend, Miss Violet Nelson. They were accompanied by Mrs. Fred Hansen of Didsbury and Miss Inga Blom of Red Deer.

Mr. and Mrs. Wallace Brower were Saturday visitors at Red Deer. The meeting of the Hamman Home and School held on Tuesday evening was well attended. Mrs. B. Counts of the Sundre H. & S. gave her report on the "work shop" she had previously attended. Work on a permanent site for a skating rink on the school grounds will get underway with parents donating the money for the ball doing work necessary.

Miss Margaret Anne Petersen underwent an appendectomy at the Olds hospital on Saturday.
